Utah Buildings E-News

Utah Buildings E-News is delivered monthly by email to over 3,000 subscribers. Many of these subscribers do not receive the printed magazine. The open and click-through rates are much higher than the industry average.

Space on the E-News is limited, consisting of a top leaderboard banner, a bottom leaderboard and up to five square sponsorship tiles. In addition advertisers can also contribute a "special feature" article or press release each month. Utah Buildings can host the feature or it can be linked to another site.

Single Sponsor Emails

Utah Buildings delivers one single sponsor email each month, in addition to the E-News. A single sponsor email contains a complete article, images and exclusive advertising for one company. It's delivered to the entire E-News subscriber list and redelivered one week later to anyone who failed to open it the first time.

Single sponsor emails are a great way to stand out and compliment an advertiser's print ads. The sponsor provides the article and images or for an additional fee, Utah Buildings can provide an article on the subject of the sponsor's choice. The sponsor also has multiple areas on the email where they can place their own banners, links and contact information.

A detailed open and click-through statistics report is included and the email will be archived on the Utah Buildings web site.

ALL RATES ARE NET. BOMA Utah members receive a 10% advertising discount in Utah Buildings. Visit www.bomautah.org for other benefits and member info.
